**OLD BUSINESS**

**a. Malkova v. Dobon Board of Adjustment appeal** – Attorney Salzman introduced the session, by stating that at the May 6 Board meeting the motion was tabled. Concerned parties, attorneys, Mayor and Commissioners met at Town Hall on May 19 to work out an agreement. A proposed agreement was reached; Attorney Meros submitted a written proposal. Attorney Salzman swore the witnesses that would give testimony. Mayor Simons confirmed with Attorney Salzman that this was a Trial de Novo.

Attorney Meros and Lenka Malkova spoke of the need to have the trees and bushes planted around the generator. At the Board of Adjustment April 17 meeting Luis Dobon said he would plant trees or bushes to be consistent with the environment. At the May 19 meeting no mention was made of landscaping.

Upon review of the proposed agreement Luis Dobon stated that there could be no landscaping done around the generator, once it was set at ground level; the statement to plant trees was made when the generator was to be set on a 13 ft. platform. Now that the unit will sit on a cement slab, ground level, there is no need for plantings; this would obstruct generator maintenance, the walkway and entry to side of house. The unit would be on a cement slab, ground level abutting a 6 ft. brick wall, not visible to the Malkova property. If this issue was mentioned on May 19, this would have been stated. Mr. Dobon passed out photos of installation site to the Board.

Board discussion. Further discussion by Lenka Malkova of the noise levels the generator will emit. Luis Dobon countered with a report of the noise decibels emitted by a generator, A/C unit and street noise. The generator will only be operational in emergency situation, when there is a loss of electrical power.

Mayor opened for Public comments. Resident Poul Madsen offered to donate a tree. No further comments or discussion, **Motion** made by Vice Mayor Deighton and seconded by Commissioner Steiermann to accept the proposed agreement as amended. Amendment is that Luis Dobon will plant a 5 ft. tree approximately 5 ft. west of the generator, in the middle of the site and away from the wall and house. There is no landscaping required around the A/C unit.

**b. Cross walks, Gulf Blvd** – Commissioner Steierman discussed the recent Beach Beacon article on new legislation that will require vehicles to stop for pedestrians not only at signaled crosswalks but also at every ‘T’ intersection. Department of Transportation (DOT) asked the Town where to repaint the crosswalks on Gulf Blvd. Board discussion. Attorney Salzman said that Town incurred no liability in the planning of placement of crosswalks. Presently the Town has 6, identified crosswalks. Discussion of possible recommendation to DOT of having yellow blinking light change to red light blinking.

**Motion** made by Vice Mayor Deighton and seconded by Commissioner Fox to recommend to DOT that crosswalks be marked at the two blinking lights and the traffic light.

Public discussion, *Poul Madsen* just wanted to confirm where the Town crosswalks were located. Having additional crosswalks some times provides a false sense of security for pedestrians. Public comments closed.

**Motion passed with four affirmative votes.**

**c. Melton case** – Attorney Salzman said that Attorney Yacavone recommended the Town hire an expert to review the seawall issue. Salzman will be contacting the Attorney General’s office regarding the allegations of Board decision in the Melton v. Deighton-Diaz case and uphold Attorney decision to protect the public interests in this individual defense case. This is a lawsuit against the individuals, the Board is protected. Tonight we need to get permission to hire the expert in this case. Mayor said that contacting the Attorney General is proactive on Town’s part; as is the hiring of the expert. No motion, consensus of Board was to hire the expert.

**NEW BUSINESS**

**a. Playground equipment funding** – Bob Fay, Park Board chairman updated the Board on the replacement of park merry-go-round. After a review of various play equipment the item selected is a Volcano Climber, which stands approximately 6ft. tall. Park budget has \$3,000 for replacement of equipment. The quote for this unit is \$3,850 plus additional money for installation parts. Request is for \$1,000 transferred to cover the purchase. **Motion** made by Commissioner Steiermann and seconded by Vice Mayor Deighton to spend the additional \$1,000 from fiscal 2007-08 budget to buy the play equipment.
